

NORTHAMPTON COUNTY

COLLECTION

EVENTS

Collection Events are intended for Northampton County Residents ONLY.

HOUSEHOLD HAZARDOUS WASTE

Many common household products contain hazardous substances. These materials are hazardous because they contain chemicals that are: *corrosive, explosive, reactive, flammable or toxic.*

These products become HHW once the consumer no longer has use for them. HHW collection events are supported by Northampton County and the PA Dept. of Environmental Protection, these events provide County residents with convenient access to proper HHW disposal.

If you live in Northampton County, you can take HHW products to a collection event free of charge.

ELECTRONICS COLLECTION

Pennsylvania instituted a law called the *Covered Devices Recycling Act* which prohibits residents from disposing of covered devices as trash, and bans haulers from collecting these items as trash. They must be recycled at an approved facility.

Northampton County offers a limited electronics recycling program through support of municipal hosted collection events.

Fees apply to recycle electronics.

When selling, donating, or scrapping your old computers, be sure to remove all your personal data.

MOBILE PAPER SHREDDING

Northampton County is offering a Mobile Paper Shredding Event program for County residents. Events are held at different locations within the county.

Acceptable documents for shredding are limited to confidential and sensitive materials only. Non-confidential materials should be recycled through your local municipal recycling program and will **not** be accepted at these events.

In an effort to accommodate those wishing to participate, there is a limit of 2 bags or boxes of documents per household weighing no more than 25 lbs. each.

Mobile Paper Shredding events are free for Northampton County residents.

For accepted items & materials and to sign up for event notification visit:
