

# Northampton County 2020 Day Camps

**9:00am -4:00pm**

**Monday, August 3  
Wayne Grube Park**

**Monday, August 10  
Louise Moore Park**

**Monday, July 20 & August 17  
Bear Swamp Park & Archery Center**

## **July Camp: Eco-Friends**

Campers- use your imagination and energy to tackle an eco-fun mission! Meet and greet some Wildlands education animals and investigate the park through exploration and games. Make sure to share your newly found eco-wealth with your family.

## **August Camp: Science in Nature**

Curiosity, experimentation, and discovery- unearth the thrill of science, technology and engineering, and the beauty of the natural world. What will you create? What part of nature will inspire you? Put your STEM glasses on through many hands-on experiments and investigations.

Viewing the world through animal eyes, all that is wild and in disguise, makes summer come alive. Children ages 5-10 have the opportunity to explore nature, visit our live animals, conduct experiments, and let out their creative side with age appropriate crafts. These programs are underwritten by **Northampton County Parks**. Advance registration required. Register at [www.wildlandspa.org](http://www.wildlandspa.org)
